REPORT ON MEDAL TEST EXCELLENCE

At Astraa Global School, the Medal Test is conducted every month for students of Grades 4 to 9 with the aim of preparing them for the competitive world from an early age. This unique initiative encourages students to go beyond textbook learning and develop confidence in facing challenges independently.

The test includes subjects such as Aptitude (Mathematics), Physics, Chemistry, Biology, and PSA (Problem Solving Ability). These areas are carefully chosen to strengthen students' analytical thinking, reasoning ability, and problem-solving skills, which are essential for success in future competitive examinations.

To provide a real exam-like experience, students write their answers on OMR sheets, helping them become familiar with competitive exam patterns at a young age. This regular practice not only improves their speed and accuracy but also builds focus, discipline, and confidence.

Through the Medal Test, our school nurtures young minds to think logically, analyze deeply, and approach problems with clarity. It serves as a strong foundation for their higher studies and prepares them to face future academic competitions with determination and excellence.
